

Support Board

Insert these shortcodes to start using the plugin:

[sb] or [sb type='chat']

Please click the following link to access the updated online documentation:

<https://board.support/docs/wp/>

If your WordPress database prefix has been changed from the default one (`wp_`) you will need to open the file `plugins\supportboard\include\wp.php` and assign your prefix to the variable `$sb_wp_prefix`.

Thank you for supporting this product!
